

Want to take your science and math teaching skills even further? Consider taking **EDU 586 A (CRN 40509) Effective Teaching Strategies to Meet the Needs of Struggling Learners**, Dr. Lynne Houtz, Instructor

July 7 – 25, 2008, 9:00 am – 12:00 in HUMC 8

Three-hour undergraduate or graduate credit class for preservice and inservice science or math teachers of intermediate, middle level and secondary students (approximately grades 5 - 10), to provide pedagogical approaches that lead to success of at-risk students through science and mathematics. This course goes beyond traditional pedagogy, methodology and preservice experiences and provide teachers with tools shared by experts from throughout not only the university setting but also the community with guest speakers and field trips.
